NEWS OF KENTUCKY

\$20,000 Loss by Fire.
Madisonville, Ky., Sept. 26.—Fire at Hanson at 1 o'clock this morning did damage to the amount of about \$20,000, the general store of R. H. Weir & company having been destroyed. Hanson is in Hopkins county, about eight miles north of this city. The origin of the fire is not known, but it is believed to be the work of an incendiary. The store was partially covered by insurance.

Bischoff Must Hang.
Frankfort, Ky., Sept. 26.—The court of appeals, in an opinion by Judge Settle, affirmed the Jefferson criminal court in Henry Bischoff, sentenced to hang at Louisville for the murder of his wife.

NEW HEATING PLANT.
Shipped Here for Illinois Central Passenger Station.

Patrons of the Illinois Central Station and workmen in the shops will not suffer from cold this winter—at least this is what W. M. Tillman, the popular foreman of steam heating of the Illinois Central road, promises. Mr. Tillman arrived from Chicago last night. He was directed here for the purpose of looking after the installation of a steam heating plant in the local passenger station and also for the installation of new steam heating plants in the round house and other buildings of the Illinois Central shops.

The boiler for the depot is said to be shipped. It will be located west of the station.

ACADEMY OF MEDICINE
Will Meet in Eagle's Hall in the Future on Monday.

The Eagles' assembly hall has been secured by the Academy of Medicine for its meeting place in the future. The members will have the use of the library shelves in the rooms. The Academy met with Dr. Della Caldwell at her home on Broadway last night and had a profitable meeting. The meeting night has been changed from Tuesday to Monday in order not to conflict with the meetings of the McCracken County Medical society.

LOVE FOR THE BEAUTIFUL.
Let us learn to love and appreciate the beauty which we see around us every day. There are beautiful things everywhere. Some of us see them; some do not. It all depends upon our education.

Some people will tell you that it is not practical to care for beautiful things, but it really is practical, because it helps to make life sweeter and better. You will find it well worth cultivating, this love for the beautiful, and when you once have it in your hearts, you will never be willing to part with it.

No Hurry.
The minister was shocked when the young lady declined an introduction to some of his parishioners.
"Why, my dear young lady, did you ever think that perhaps you will have to mingle with these good people when you get to heaven?"
"Well," she exclaimed, "that will be soon enough."—Life.

STOP! ANY ITCHING.
Doan's Ointment Cures Eczema and Itching Piles—Paducah People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Paducah testimony to prove it:

Mrs. Annie Richardson, living at 320 South Third street, Paducah, says: "I have been troubled with eczema for a year or more. At times it was very sore and itched badly. I tried a great many ointments and salves of various kinds. I thought some of them were going to make a permanent cure but in a short time it would break out as bad as ever. When I saw Doan's Ointment advertised I made up my mind to give it a trial. I obtained a box at Alvey & List's drug store and began its use. It proved itself to do all that is claimed for it. It made a complete cure and up to the present time I have not noticed any signs of its return."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

IN KITTY LEAGUE SPHERE ARE THEY

Evansville and Terre Haute
May Come Over.

Vincennes Must Find Backers if She
Would Remain in the Circuit
Next Year.

PRESIDENT GOSNELL RETIRES.

The Kitty league next season will consist of eight cities and will be operated whether Vincennes is a member. All other cities in the league are anxious to be in the organization next season and Cairo came prepared to put up a \$1,000 guarantee to remain in the organization. Paducah also sent word that she could be counted upon for next year. It was announced that Decatur, Centralia and Marion, Ill., would put up \$1,000 guarantee to remain if admitted into the league. Informally it was agreed that the 1907 league consist of eight clubs and there is no question but that it will. It was also determined that the guarantee be \$1,000 instead of \$400, as it was this past season.

It was stated by one member of the league that Terre Haute and Evansville would be made Kitty league territory by the national commission at the January meeting and that if these two cities had league baseball next season it would either be outlaw league or Kitty. With Terre Haute, Evansville, Marion, Decatur and Centralia to start with and East St. Louis certain to be an applicant, it means that a first-class league can be organized and that the mileage will not be near so great as last season. Decatur is to leave the Three Eye league to get into the Kitty. Marion and Anderson will also be applicants for admission, and with all the above cities a first-class league should be arranged.—Vincennes Capital.

President Gosnell has declared his intention to resign in January and retire from the Vincennes management.

Grover Land at Home.
Grover Land, who was graduated from the Kitty league and went into the American Association after two years' service in the smaller league, proved an attraction at Frankfort, his home, as the following dispatch printed in the Louisville Herald will show. Land was with Toledo and played with his old team mate, Red Bohannon, of the Nashville Southern league team:

Eight hundred people braved the threatening weather at Frankfort yesterday afternoon to see the team at the Capitol city defeat the Kodas, of Louisville, by a score of 7 to 1. Grover Land, of the Toledo American Association team, did the backstop work for the Frankfort team, and his clever work was a revelation. The grounds were in poor condition from hard rains Saturday night but this did not prevent the Frankfort infield from doing some remarkable work. "Red" Bohannon, a Southern leaguer and a brother of Pat, accepted eight chances at short, many of them difficult, without the semblance of an error. For six innings the game was close and exciting, but in the seventh and eighth Rapiers weakened, and Frankfort piled up five runs. Williams pitched a great game and received excellent support. Grant made some superb pickups at first for the Kodas. The same teams will probably meet again next Sunday. Score:

Frankfort, 7; Kodas, 1. Batteries—Williams and Land; Rapier and Evans.

Jack Mizee in the Ring.

"Jack Mizee," whose real name is Ernest Brown, a Paducah boy, is still winning laurels in the prize ring.

Mizee formerly was physical director of the Paducah Athletic association in 1898 and 1899, when Jack Bolan, of Cincinnati fame, was fighting here. Mizee's great stunt was letting a 50-pound weight suspended 6 feet above him drop on his stomach. He was an exceptionally strong man.

The Cairo Bulletin says of Mizee's latest match:

Frank Baston and his manager, Jack Tierney of Terre Haute, are in the city. Baston is matched to meet Jack Mizee this week in a twenty-five round bout. He feels confident of winning as he is in first-class condition. Mizee and Baston met in a ten round bout recently and fought to a draw, although many witnesses thought Baston entitled to the decision. This contest will undoubtedly settle the dispute.

Responsibility of the Press.

It is evident that the issues of sensational extras by the newspapers in Atlanta Saturday evening had much to do in inflaming the mob spirit in that city. The Methodist ministers in their Monday morning meeting adopted resolutions deprecating such sensational presentations as exciting passion and violence. Mayor Woodard declared his condemnation of the newspaper extras issued Saturday night and said, "Many of the reports that were published were not only fuel to the fire, but entirely false. It is to be hoped in the future that the papers will be exceedingly careful what they publish when the news touches on anything like the cause of a riot." The grand jury of Fulton county Monday adopted the following resolution:

"Resolved, by the grand jury of Fulton county, That the press of the city be urged to abstain from the publication of all sensational and inflammatory news matter; to discontinue the publication of 'extras' in reference to prevailing local conditions; to publish no rumors until such rumors are first investigated and found to be true; in short, to use conservatism and discretion in the treatment of all facts relating to the conditions now confronting us."

The Atlanta Georgian in its Monday issue publishes the following cord: "In justice to itself the Georgian feels bound to say that it is free from any of the responsibility of inflaming the mob on Saturday night. It is the general impression that the newspapers are responsible for a great deal of the suffering and death, because of their 'extras' with glaring headlines, etc. The Georgian printed no extras during the trouble, nor shall we print any until it is over."—Nashville Banner.

Exciting Novel by Oppenheim.

Novel readers everywhere will be glad to have a tip on the brilliant new romance, "The Great Secret," by E. Phillips Oppenheim, author of "A Prince of Sinners," "The Mysterious Mr. Sabin" and other noted books. Suppose you were quietly undressing in your room at a London hotel when suddenly a terrified man rushed in, locked your door, and told you that the men outside were going to kill him. Suppose you liked the man's looks, so that your fighting blood was up to defend him. What would you do when his enemies burst in your door and tried to drag him off without law or warrant? And suppose the man possessed some momentous secret which made him the victim of an international conspiracy, and that a beautiful American girl seemed to be one of the conspirators. Interesting, is it not? Well, that is only a hint of the first chapter, and the story carries one
